

A partnership in employment

EPIC Assist is proud to be supporting businesses in the Moreton Bay region. As your disability employment specialist we can help you find job-ready employees who will bring valuable new perspectives and a competitive advantage to your business.

If you, or your business, has never hired someone with disability, it may be hard to know where to start. Our consultants will work with you to break down the barriers around hiring people with disability.

Our personalised approach

EPIC has 30 years' experience working with employers and job seekers. We have helped businesses of all sizes secure great employees for their team. We support job seekers with disability, injury, mental health conditions or other health conditions.

Our approach is based on achieving sustainable employment, resulting in success for all - job seekers, employers and the community. We will actively support you through recruitment and beyond, using a five stage process we call "EPIC Engage." We will always strive to give you a 10/10 customer experience.

Understanding your business

Our process will start with an EPIC consultant working with you to better understand your business and the requirements for the role. Our consultants will take the time to understand you, and your business's needs.

Tapping into a wide talent pool

After we are confident that we fully understand your requirements, our network of employment consultants across the Moreton Bay region will work to identify suitable job-ready candidates.

We will conduct a comprehensive pre-screening process to make sure applicants' competencies and abilities will fit your business needs.

Supporting you throughout the interview and selection process

An EPIC team member will be available to support you, and prospective candidates, through the interview and selection process.

While some candidates will perform well in an interview, others will give you a better suitability assessment through a work trial. Work trials can help you to be confident of the candidate's suitability in your work environment and their interpersonal traits.

We can work with you and your candidates to feel comfortable and confident through any interview or work trial. We will provide advice on any adjustments that candidates may need.

Supporting you once you've made an appointment

When you've made a decision to appoint an EPIC candidate, we will provide ongoing support to you and your new employee to make sure the placement is successful.

We will also provide you with advice about any assistances (e.g. wage subsidies) available. Wage subsidies, or other employment incentives, may be available through the Queensland and Australian governments. Certain criteria must be met to be eligible for wage subsidies, for example, a minimum number of hours must be worked each week. Subsidies cannot exceed wages earned during the subsidy period.

We'll support you for as long as you need it

EPIC's ongoing support is what sets us apart from other providers.

We'll develop an Individual Support Plan that will identify duties required for the role, along with the support the new employee may need to successfully and independently complete them.

We will visit your workplace regularly to monitor your new employee's progress and to address any barriers that you may have identified. We'll supply this support for at least one year, or longer if necessary.
